### About the program

More than just a place for kids to learn and have fun, Going Places Summer uses the power of storytelling and experiential STEM learning to help transform the curious campers of today into tomorrow's thoughtful problem solvers and collaborators.

What's more, we help foster the important skills necessary to thrive in the 21st century, including communication, critical thinking and creativity.

\$20.00/week

**After Care**  
\$40.00/week

**Before & After Care**  
\$50.00/week

## DISCOUNTS:

**Sibling**  
15%

## DESCRIPTIONS:

**June 12 - June 16**  
**The Great Race**

This week, campers join characters Maya and Rafael collaborating on the most amazing and imaginative go cart anyone has seen. We engineer unique racers, learn about propulsion, experiment with simple machines and design a challenging racecourse.

**June 19 - June 23**  
**Krazy Kinetic Parade**

This week, characters Maya and Rafael create the Going Places Creative Problem-Solving Agency, based at the Eureka Public Library.

Their challenge this week is to make the Eureka Town parade spectacular and they do this by building a kinetic parade float.
